- Not be a bankrupt and not have been subject to any criminal conviction

Eligibility of actions

NON EXHAUSTIVE LIST

The main theme of the call for projects is **the consideration of biodiversity issues in the private sector and their mainstreaming in the management of companies**

- Limiting impacts on ecosystems and natural resources by improving the socio-economic conditions of local communities
- Limiting impacts on ecosystems and natural resources through access to sustainable energy sources
- Limiting impacts on ecosystems and natural resources through waste management/reduction
- Communication and/or awareness on responsible and sustainable best practices
- Research and development related to the preservation of biodiversity and/or the sustainable management of natural resources and spaces
- Sustainable land use planning, space redevelopment
- Securing supply chains for sustainable raw materials
- Conservation, preservation and/or restoration of biodiversity
- Strengthening human capital by increasing skills in biodiversity and sustainable management of natural resources through staff awareness and training
- Revision of business models to position themselves on new markets favorable to biodiversity
- Creation of forums for dialogue between stakeholders to promote the conservation of biodiversity and the restoration of impacted ecosystems
- Practice changes (technical, technological, agricultural, etc.) to reduce pressure on ecosystems, species and ecosystem services

Scoring table

1. Pertinence of the actions		Sub-score	25
1.1 To what extent does the proposal meet the objectives and priorities specified in the call for projects? Are the co-benefits for biodiversity made very clear? Are the objectives and results at the end of the project stated?	5(x2)*		
1.2 Have the needs of the final beneficiaries or target groups been clearly defined and are they adequately addressed in the proposal? To what extent does the proposal address these particular needs and take into account the constraints of the country/countries in the region?	5		
1.3 Does the project propose technical, social, governance or environmental innovations?	5		
1.4 Does the proposal contain specific value-added elements, such as the promotion of the equality between men and women and equal opportunities, the needs of people with disabilities, minority and indigenous rights, or the innovation and the best practices?	5		
2. Actions design		Sub-score	20
2.1 To what extent is the overall design of the project coherent? In particular, does it include the analysis of problems? Does it take into account external factors and relevant stakeholders?	5(x2)*		
2.2 Is the project feasible and logical vis-à-vis the objectives and anticipated results? Has the applicant demonstrated that it has the capacity to lead the project?	5		
2.3 Do the chosen partner(s) have the skills to technically support the project on the chosen theme? Do the chosen partner(s) have a good knowledge of the local context and issues?	5		
TOTAL SCORE			45

Indicative timetable

Recommendations

- Read the details carefully
- Consider eligibility and assessment criteria
- Respect the templates
- Do not overestimate your budget
- Consult stakeholders
- Coordinate with your partners
- Do not wait until the last moment
- Visit PLACE regularly for Q&A

FAQs

- Are agricultural cooperatives also part of the targets of this initiative or is it only aimed at commercial companies such as EI, SARLU, SARL, SA...?
 - Yes, if they meet the eligibility criteria, i.e. be registered in the Commercial Register of one of the eligible territories
- Taxes eligibility
 - Yes, taxes are eligibles (please see Rules&Reg : « *Taxes can be paid through the grant, only if the beneficiaries prove that they are not exempt and that they must pay these taxes.*»)
- Cofunding (source)
 - Other than funds coming directly from the AFD Group or other French State institutions

FAQs

- Why 50% of the company's turnover?
 - To ensure that there are technical and human capacities to manage the grant
- Type of contract
 - It will be a grant contract (template available in Rules&Reg of the call for project)
- Standard to be used
 - Please refer to the template grant contract and all its annexes
- Operating costs
 - Please refer to the budget template

FAQs

- Number of application per applicant
 - 1 applicant = 1 application
- Can we contact the call for project manager during the process?
 - Any questions must be posted on PLACE. The answers will be on PLACE and available to all
- Will today's slides be shared?
 - Yes, it will be on <https://varuna-biodiversite.org/en/> and on PLACE in video recording format

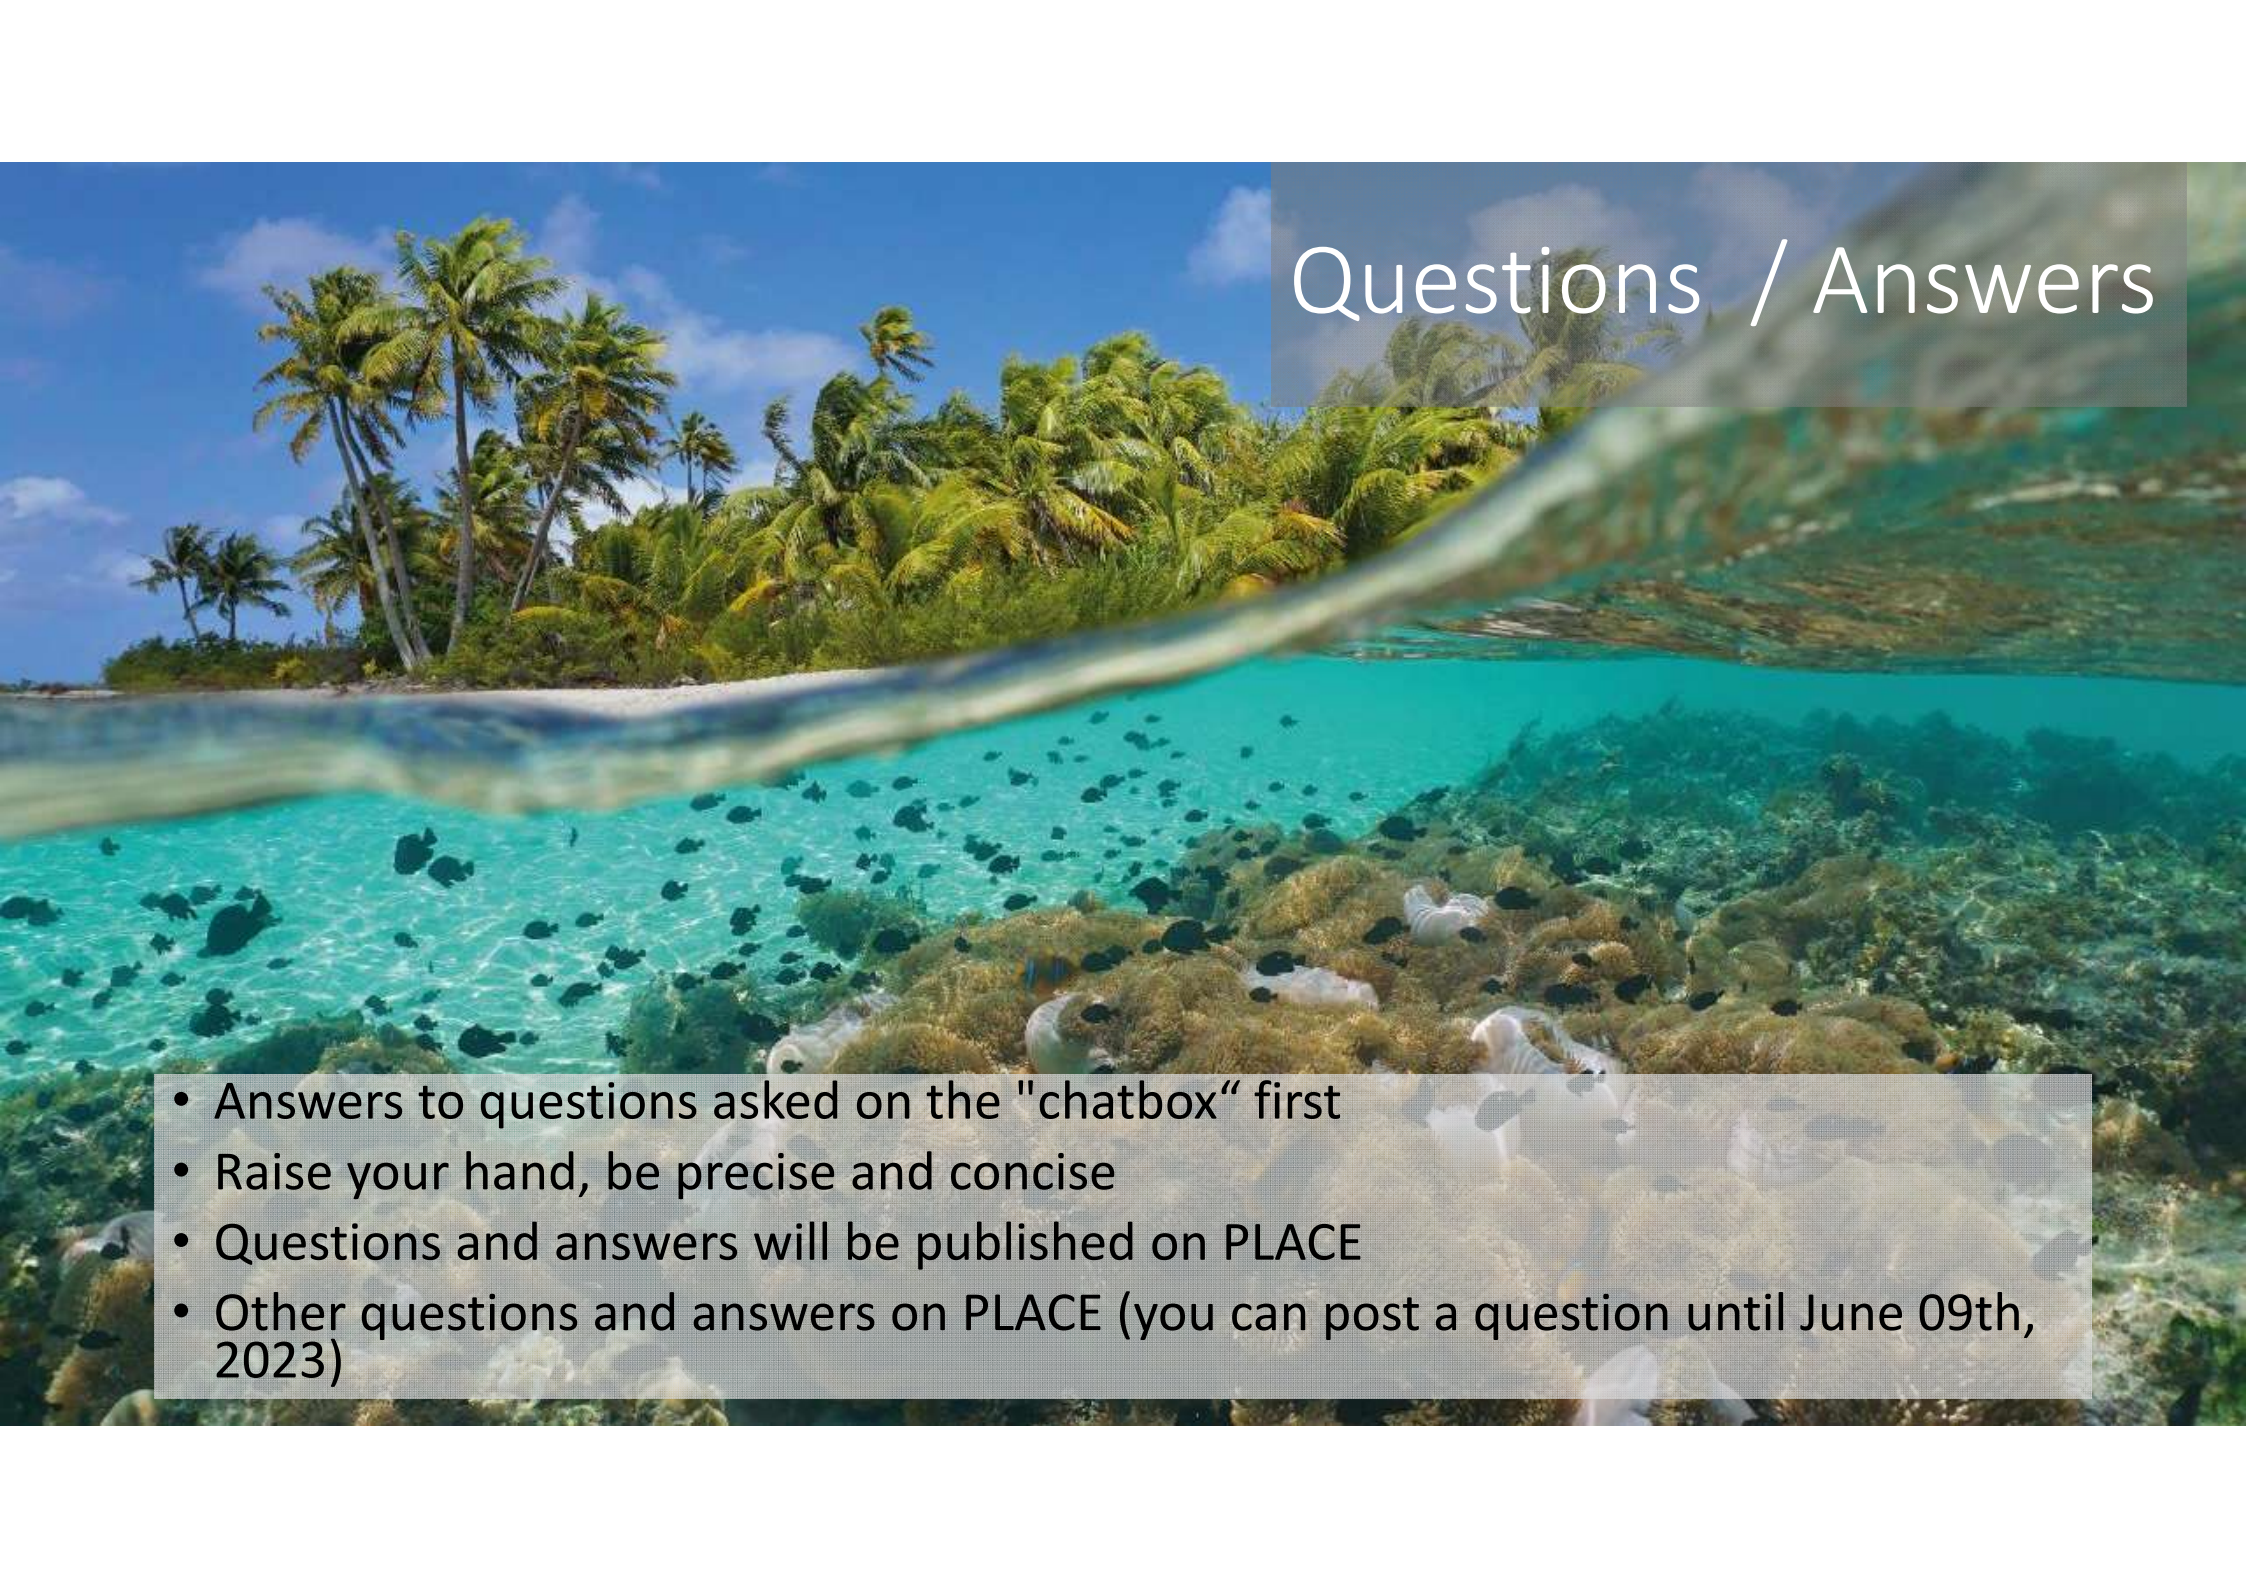

FAQ

- Number of partners
 - The Lead applicant is free to partner with all necessary partners for his project. Only, one of these partners must be a CSO in biodiversity conservation that meets the eligibility criteria.
- It says on page 8 of the regulations that "*Actions whose objective is to make a profit*" are not eligible, whereas a private company is precisely intended to generate profit
 - This is the principle of non-profit specific to grant contracts (see Article 17.3 of Annex II - General Conditions of the Grant Contract). The grant itself cannot provide a profit to the Beneficiary. Profit is defined as a surplus of receipts over eligible costs approved by Expertise France.

FAQ

- Our project is to do "this, that, etc.", is this eligible?
 - We have given a non-exhaustive list of project type ideas, but we are always looking for other ideas to be financed under this Fund, subject to compliance with the eligibility criteria specified in the Rules & Reg. Submit your idea to us, the selection committee will decide.
- Where could we find the general/specific conditions of the grant contract mentioned?
 - You will find the standard contract with its annexes, if you open the "consultation file (11.54MB)" package on PLACE.
- Why are French territories excluded?
 - The Indian Ocean Business-Biodiversity fund comes from the French government's public development aid budget (program 209) and therefore cannot benefit French territories.

Questions / Answers

- Answers to questions asked on the "chatbox" first
- Raise your hand, be precise and concise
- Questions and answers will be published on PLACE
- Other questions and answers on PLACE (you can post a question until June 09th, 2023)
